Spring Valley 1967

Came the first week of January, 1967 and joy and gloom were reported locally; Joy, as the Mt. Miguel High School singers had been a "hit" in Mexico; gloom, as two youngsters were killed in traffic accidents, the last of 1966.

During the second week of Jan. a fire destroyed a Spring Valley home at a loss of $10,000, but the family was uninjured. And the S.V. Chamber of Commerce was considering offers to buy the Chamber property on Memory ln. And Verne Watts, new president of the Spring Valley Kiwanis Club, held his first meeting, explaining the Kiwanis Code of Ethics.

February

Came the month of February and the members of the Spring Valley Chamber of Commerce authorized the sale of the old adobe and some land to the S.V. Historical Society.

In the second week of the month, Spring Valley Lions Club boosted its membership by 11. And Louise Morgan of S.V. became the fifth woman as an assistant trust officer of the San Diego District of the Bank of America. And registration for Spring Valley Bobbysox (girls softball teams) opened.

Came mid-Feb. and Houston Hodgson of Spring Valley was appointed to set up an organization of amateur radio operators to furnish organized communicators in case of disaster. And the S.V. Kiwanis reported growing membership.

Toward the latter part of Feb., Dr. William McCandless of the LM-SV School District Board of Education, was removed temporarily, because he had been appointed to a state position, and the board felt he shouldn't sit on two boards at the same time.

March

March rolled around and Mrs. Doris Howell was elected president of the Spring Valley Community Welfare Inc. And the LM-SV School board reseated Dr. McCandless. And a group was formed to keep the tax rate of the school district at $1.97 per $100 for another year. About the same time the Monte Vista High School wrestling team was rated No. 1, and Mt. Miguel High team, No. 2.

Toward the end of the month, the S.V. Chamber of Commerce set an open meeting to establish a "Community Council." And the S.V. Community Welfare Inc. appointed its nominating committee. Then the S.V. Lions Club announced speak-off winners. And during the last of the month the High School Bonds were urged. And it looked like the S.V. Chamber of Commerce would become the S.V. Community Council, with Rosarie Graham as president.

About this time the annual "Miss Spring Valley" contest got under way, the winner to be eligible to compete in the "Fairest of the Fair" contest. Then the County Board of Supervisors approved a lighting district for part of Spring Valley, providing 105 lights.

April

Early April and the S.V. Chamber hall was again a discussion of possible sale to the County of San Diego. Then a "bomb" scare on Vista dr. turned out to be a firecracker, someone had tossed onto a driveway. And the board of the LM-SV School District approved construction of 19 new classrooms. And two Spring Valley homes were damaged by fire.

Later in the month Edward Nielsen and Christian Krog were elected to the LM-SV School board, replacing Dr. William McCandless and Victor Walton. And Mrs. Rosarie Graham, president of the S.V. Community Council, was awarded the Mutual Trust Life Insurance company's 1967 West Coast Good Citizenship

DIMES FROM GAS: Texaco service station manager E. A. Mcuilleseaux, left, and his son, Phillip, take time out from labors to show one of the gas pumps at the Broadway ave. and Massachusetts station which will be used to aid in the January March of Dimes project in Lemon Grove. The local station will participate in the March of Dimes effort by donating 10 cents for every 10 gallons of gas sold during the month of January. All donations collected from various sources are used to advance birth defect research programs of the National Foundation of the March of Dimes. The Mothers march, coin collecting, balloon sales, and school collections are all planned to be a part of the January drive, indicated H. C. Stubbs, Lemon Grove area chairman.

Board Members Show Opposition

Grossmont Hospital Given Request For Removal of Cigarette Machine

The executive committee of the Grossmont Hospital medical staff, in a resolution to the board of directors, has recommended the removal of cigarette vending machines from the hospital.

In the resolution the committee stated, "the evidence against smoking speaks for itself". The proposal immediately drew some objection from the members of the board of directors.

Board member Homer Streich cited the example of the attempts to legislate liquor as the main drawback to any similar action with cigarettes. "You can't legislate against people's personal habits," he said.

William T. Soldman, member of the board of directors and the hospital medical staff, stated that he didn't see how the removal of vending machines from the hospital would stop anyone from smoking.

The vending machines would be the only things which would come under the legislation. There would be no ban on smoking in the hospital or the sale of cigarettes in the employee lounge, the gift shop, or the hospital auxiliary room.

The hospital auxiliary operates the two cigarette vending machines, which produce the average profit of $182 a month, according to hospital administrator Leverett Bristol. Needy patients receive the money through the auxiliary's philantropic fund.

The request by the medical staff to remove the vending machines was not an effort to discriminate against the employes who desire to purchase cigarettes, it was indicated.

No action will be taken on the recommendation of the medical staff until a committee of the board, administration and medical staff meets to look over the situation.

One of the medical staff's main arguments in making the request was that many other hospitals in the county had eliminated vending machines is supplied with literature emphasizing the dangers of the smoking habit. They relate medical findings which show that cancer occurs more among smokers.

Let Communists Speak —On Moscow Campuses

Possible legal action against the Grossmont Junior College Board of Trustees for refusing to permit communists to speak on campus is another indication of how far we have allowed the campus silly season to go.

Suit is being threatened by Robert Holden, an instructor at Grossmont Junior College in engineering and technology. He is president of the San Diego Federation of Teachers — a teachers' union.

The threat of suit was made after Rex Hall and Robert Dryden voted down Portia Goode at a regular board meeting. Two other members were not present at the meeting. The vote was to refuse Communists the use of the campus for a sales pitch.

The teachers' union may be supported by the American Civil Liberties Union in a suit — if suit is filed.

Holden charges that the board has shown its total ignorance of the meaning of its oath to support the Constitution of the United States.

Poppycock!

Let's get this thing back in focus.

We're getting tired of instructors attempting to brow-beat board members who do not agree with them. If the board can be accused of anything wrong it is their timidity in not kicking off the campus those who espouse causes inimical to the best interests of the United States — and inimical to the best interests of the unorganized public.

A vast majority of school supporters prefer not to have communists on campus. Why the teachers organization does is not readily clear. Academic freedom? Nonsense!

Students learn about typhoid, and insanity, and incest without actually experiencing these conditions or without spending time listening to proponents.

Knowledge of communism can be gotten from unemotional professors teaching from factual information obtained in the library or from those who have had contact with communism. What we need least is to invite salesmen for communism to peddle their wares — at least not in our tax paid instiutions.

To accept communism peddlers on our campuses is to deny the heroism and patriotism of valiant young people who have died in Vietnam and Korea.

Is the threat of communism real?

Red China and Soviet Russia, each flag bearers of its own type of communism, are only apart in the how to enforce world communism. But for the cause of communism they stand staunchly together. Whenever the issue is the defeat of the United States, they join together with all of their resources.

The two communists powerhouses have spent billions of dollars supplying munitions to the North Vietnamese government, thus making possible the continuance of the war.

Only a few months ago an agreement was signed in Moscow by the deputy premier of the Soviet Union and the deputy

Grove, Valley Sets Rabies Vaccination

San Diego County Office of the County Veterinarians has announced that dog licenses for dog owners residing in the unincorporated areas of San Diego County must be obtained no later than January 31, 1968.

One-year licenses for dogs are $3 regardless of the sex of the animal. Late registration will result in a $3 penalty.

The South County Animal Shelter, 8661 Jamacha blvd. Spring Valley, is one of five locations where the licenses may be obtained.

Before a dog may be licensed, a valid rabies vaccination certificate must be presented to the licensing agency. Vaccination may be performed by a licensed veterinarian. For the convenience of the public the San Diego County Veterinary Medical Association is currently conducting county-wide rabies vaccination clinics. The cost per vaccination is $1.50. County dog licenses will be available at the clinics conducted in 16 County areas.

Lemon Grove and Spring Valley will conduct vaccination and dog license clinics on January 9 of next year. The Lemon Grove clinic will be from 7 p.m. to 9 p.m. at San Altos School, 1750 Madera st. The Casa de Oro Fire Station, 10102 Ramona dr., will be the site of the Spring Valley clinic.

The County Veterinarian reported that although the laboratory-confirmed rabies cases this year are only half of those encountered in 1966, rabies is still existing in San Diego County.

The 1966 count for dog immunization was recorded at 70,900 dogs. County officials are hoping for at least an equal turnout for the new year.

Through 1967, a total of 33 rabies cases have been reported in the county.

LITTLE CAROLERS: Kindergarteners in Mrs. Carol A. Carlson's class at Rancho Elementary school in Spring Valley sing Christmas carols as part of the classroom program at the local school. This scene was typical of many in the area during the Christmas season.

Hospital to Organize Expansion Committee

Trying to regroup plans following the defeat of an $8 million construct bond election, Grossmont Hospital officials announced they will form a committee next month to study possible ways of meeting the growing problem of overcrowding conditions at the local hospital.

Forace Boyd, chairman of the board of directors, indicated that the committee will consist of directors, medical staff representatives, and the hospital administration. He stated that the committee may be initiated at the Jan. 3 meeting of the board.

An $8 million bond issue, which would have enabled the hospital to add a 10-story, 300-bed wing, failed to gain the necessary two-thirds vote of approval from voters in the area last month.

Decision on the formation of the committee came at last Wednesday night's meeting of the directors. Chairman Boyd stated that the committee will study the "whole thing so there is a logical progression of the hospital growth."

Directors indicated that there is a possibility of the expansion of some of the hospitals added services, including laboratory and X-ray facilities.

College Closed For Holidays

All Grossmont College offices and facilities including the Library and Counseling Center will be closed today, and with the exception of the Library which will remain closed during the regularly scheduled New Year's Holiday set for December 29, 30, 31, and January 1, 1968. The college Library will be open only from 9 a.m. to 4:30 p.m. on tomorrow.

The extra day off for college staff personnel, necessary because of an emergency shutdown of all electrical power, will permit contractors to install electrical switchgear to serve the recently completed addition to the college.

All offices and facilities at the college will resume normal operating hours at 7:30 a.m., next Tuesday.

This Sunday

It is easy to thank someone — husband — wife, mother, father — for something they have done for us. It is harder to thank them for being themselves. With God, too, it is easier to thank Him for blessings and answered prayer, harder to thank Him for being God and being present. Thanking God for being God is worship. The best place to do it is in your Church.

CONRAD LEMON GROVE MORTUARY

Another Year for Grove-Valley Remembered Through Photos

MISS SPRING VALLEY 1967 Cynthia Davis, daughter of Mr. and Mrs. John A. Davis, is crowned Miss Spring Valley for 1967 by Ginger Crocker, last year's queen. The crowning came in May of 1967.

THE BRAINWORK: Going over the blueprints of contract awarded them for the construction of the $3 million Patrick Henry High School are members of the Lemon Grove firm White, Shirley, and Wark Construction Company. The new firm was awarded the highly-sought contract in August of this year. From left to right, employees are: Construction Engineer Art Gillespie, secretary Terry Ginley, and General Manager James White. The firm was in its third month of operation in the area at the time of gaining the new contract.

Chronic Chest Pains, Persistent Cough Corrected

Some time ago, we ran an article about an Imperial Beach housewife regaining her health in our office. It's a pleasure to write this article on her fifty-one-year old sister she brought in from Poway.

This mother of two teenagers had a serious chest condition that had resisted all efforts of 'specialists' for several years. Discouraged, she related her sad fruitless experiences.

Her condition had been 'diagosed' as 'chronic bronchiectasis.' We found she was suffering from a long string of secondary ailments such as hot and cold flashes with profuse sweating especialy at night, interfering with her sleep. She got up tired every morning and difficult breathing kept her physically exhausted. "Every little effort just wears me out — sometimes I'm just too tired to eat," she complained. Constant deep coughing didn't help matters and sometimes caused heart palpitations along with dizziness and fainting spells. Indigestion related with gas, bloating, constipatiion and hemorrhoids was enough to make anyone nervous, depressed, and bring on crying spells. "I can live with everything else, Dr. Marcy, but please do what you can for my chest," she pleaded.

Our spinal examination pointed out that many defective nerves were in her spine. It was easy to understand why she suffered with so many different ailments. Spinal X-rays enabled us to re-align and balance her spine. This removed the nerve pressures and she was utterly amazed to see her symphoms disappear as Nature restored normal functions. Our last check-up showed her renewed health reflected in her smiling face.

Because you have tried everything else is no reason to give up hope — chiropractic help may be your answer too. Results speak for themselves. All our case histories, amazing as they may seem, are clinically factual — they happened as we report them. Only a chiropractor can tell if you will respond to chiropractice care. We don't accept all patients that come in — but we do help almost all patients we accept. We had rather not have you as a patient than fail to get results.

If your health is less than it should be consult the College Grove Chiropractic Building before winter sets in. What can you lose except your ill health?

The Bancroft House is located at 9050 Memory lane, Spring Valley.

MISS LEMON GROVE 1967: Karen Arthur shows her form in a bathing suit during competition for the Miss Lemon Grove contest last May. Miss Arthur was chosen to reign over the citrus city. Miss Arthur was crowned by 1966's Miss Lemon Grove, Linda Arthur, her sister.

premier of the Hanoi government whereby more than a billion dollars' worth of planes, missiles, armament and other material is to be furnished in the next 12 months free of charge to North Vietnam. We are, therefore, in a "state of war" with the Soviet government, but we haven't officially recognized the fact. (David Lawrence - December 1967 issue Readers Digest "The Road to World War III)"

Instead of agitating for communists coming to Grossmont campus, why do not these same teachers use their effort to inculcate patriotism? A few minutes a week devoted to explaining why we should show appreciation to those serving in Vietnam would be useful. Another few minutes spent in reverent thought of the sacrifice being made by the parents spouses and children of men serving their country would be more in line with the communist problems the populace faces. A few minutes a week could be spent in reminding communist-sponsoring groups that their activity is in opposition to the will of the people who are the real owners of the colleges — the thousands of home-owners of the Grossmont district. And let us also take a few minutes each week for contemplation of the fact that the forces of communism are embattled with the idea of freedom for the purpose of providing the world with communistic control.

And finally, let us take a few minutes each week reminding college students how wonderful it is to live in a free society — the fact that proponents of the communist speakers are not exiled is the best case in point.

But let us not get carried away by the specious argument of loss of academic freedom. The academic community has more freedom than ever before known to mankind.

It might also be useful to spend a few minutes with the idea that supporters of the educational profession — the guys who pay the bills — might want a little more freedom. Freedom from having communist salespeople on the campuses they are paying for.

In such a light let us give a resounding hurrah for Messrs. Dryden and Hall.

Jane Carson, at Golden Bowl, made a "once in a lifetime" shot; the conversion of the 7 and 10 pins (known as the "big split.").

September

Beginning of September and 5,500 students had registered at Grossmont College. And bids were accepted for landscaping Freeway 94. October

Early in October Spring Valley Kiwanis held its annual "Pancake Festival" at Mt. Miguel High School, for the benefit of local youth. And the Spring Valley 4-H Club opend its fair.

Later in the month Glenn Reiter was named manager of the Otay-La Presa Water Districts. And the following week voters approved the $6 million bond issue of the Grossmont Union High School District. Then backers of the hospital bonds began working harder. Then in the last of the month many awards were given out at Jamul for the S.V. 4-H Club Fair.

November

Early in November men and equipment from the S.V. Fire Department helped out on county backcountry fires, while Division of Forestry crews were dispatched statewide. And six candidates ran for three seats on the S.V. F.D. board. Then the S.V. Chamber building was again up for sale.

Came the last week of November and the hospital bond lost by 1,322 votes. Then the S.V.C.C. building (Community Council) was sold for $36,000 to the Goodcody Mortuary of San Diego. And the S.V. Recreation District election was scheduled for Dec. 12.

December

First week of December and Walt Richards and Pat Rusconi were to present folk songs at Grossmont College to benefit the S.V. Historical Society. Bob Divine, vice principal of Monte Vista High School, was elected president of S.V. Kiwanis Club, and Mrs. Paul Stevenson, president of S.V. Kiwani-Annes. And Mrs. Jessie Thomas, held her annual recital for piano students, with 11 pupils performing.

And the election to annex part of east Spring Valley to the Recreation District, was defeated.

And finally, with the home Christmas decorations contest, sponsored by the S.V. Community Council, the winners were named and awards given. And something to write home about, if you have folks in the far north or the east. Tell them they are not the only ones who have snow.

OLD FASHIONED: Standout forward Mike Ela displays another facet of his game as he uses the old-fashion hook shot to score another bucket against Mission Bay in the opening round of the University High basketball tournament last Tuesday night. The Matadors broke the tournament single game scoring mark, coasting to an overwhelming 107-37 stomp over an outclassed Mission Bay five.

Matadors Win Again; Advance in Tourney

Mt. Miguel's fast-breaking Matadors built up a 36-point halftime lead and added 33 more points in the third period to thoroughly manhandle Mission Bay, 107-37, Tuesday night in the opening round of the University High basketball tournament.

Mike Ela, Ken Greenman, Blake Mathews all totaled above the 20-point mark to pace the Spring Valley quintet, with Ela leading the way with a 23-point performance. Greenman added 21 to that total, and Mathews chipped in with 20 more, mostly on medium-range jump shots.

The 107-point total for the one-sided contest broke the tournament single team scoring record, as the top-seeded Matadors are seeking their second consecutive holiday tournament championship. Last week Coach Dick Ridgway's hoopsters demolished four county foes to grab the title in the Unlimited Division of the Kiwanis Tourney.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

How is the letter "g" used in Spanish? The letter "g" is used to modify sounds (vowels) in two different ways. When the letter "g" is followed by the letters "e" or "i" it is used like our English "h." When "g" is followed by the vowels "a, o, u," it is used like our English "g."

An example of "g" followed by the letter "e" may be found in the word "general" (general). In this case the "g" combination requires that the word be pronounced "heh-neh-RAHL." When the letter "g" is followed by the letter "i" as in the word "gitano" (gypsy), it is pronounced "hee-TAHN-noh." In both of these cases the letter "g" is used like our English "h."

When the letter "g" is followed by the letter "a" as in "gato" (cat), it will be used like the English "g" and the word will be pronounced "GAH-toh." The Spanish word "gota" (drop) has the letter "g" followed by the letter "o" and is pronounced "GOH-tah." The Spanish word "gusano" (worm) has the letter "g" followed by the letter "u" and is pronounced "goo-SAHN-noh."

Today's practice phrases have the letter "g" used with different words in which the pronunciation will be changed depending upon what vowel follows. See if you can determine how they should be pronounced. Then test your pronunciation when you dial 276-2762. A recorded voice will say each word and phrase for you.

IMPORTANT PHRASES

Say "Es un gato?" (ehs oon GAH-toh)

Attorney Selected to Head Heart Fund Drive in Diego

Ross G. Tharp, an attorney, will serve as campaign chairman of the 1968 San Diego Heart Fund drive in February.

The appointment of Tharp was announced by Dr. William J. Kuzman, president, San Diego County Heart Association.

Tharp, a native Californian, was a city councilman in 1957-61 and served as deputy mayor in 1960.

He came to San Diego as a U. S. Marine Corps legal officer in 1953 and remained to enter private practice in 1955.

Serving with him as an advisory committee will be Dr. A. Merton Bassett, Gil Cummings, Mrs. Elliott Cushman, Robert Wynn, Richard Woltman, George Swerdlow, Harlan Steiner Jr., Steve G. Oberg, H. F. "Dinty" Moore, Mrs. Robert Mason, Don Patterson and Dr. Howard Kirtland.

"Tremendous gains have been great against cardiovascular disease since the Heart Association started pumping donated dollars into research in 1950," Tharp observed.

He cited the strep infection link to rheumatic fever and rheumatic heart and bicillin for prevention and control; the heart-lung machine, pacemakers, "artificial" hearts, heart transplants, heart resuscitation and the risk factors identification.

"Our donated Heart dollars have speeded virtually every advance made against cardiovascular disease," Tharp said.

"We can chalk up an 8.4 per cent drop in cardiovascular deaths in men between 45-64 years of age," he continued.

"Yet we must admit that cardiovascular disease still claims more lives in this county than all other causes put together.

"Nothing could show more clearly that, despite gains, we face an immense research chore before we know how to prevent, cure and wipe out the killer."

Used Paperbacks for Helix Donated by Library Group

Because of a new program at the Helix High School Library, used paperbacks are available to students.

The donated books are collected by the Helix Library Club. Mr. Robert Freeland, librarian, said, "More books are desired to expand the variety of subjects." The paperback section consists mainly of classics, science fiction, contemporary novels, and some non-fiction.

According to Freeland, the new section has many advantages. There is a wider selection of books and more copies of those which are especially popular. No cost is involved because of the policy of using only donated books. Also students like the smaller, less bulky size.

The library is open for student use Monday through Friday from 7:15 a.m. to 3:30 p. m. On Tuesday evenings from 6:30 p.m. to 9 p.m. the library's research facilities are open to adults also.
